

## Notes From Mockup Review:

Michaela Lange to Kyla

- Loved the tone and theme of what you did
- Push character photos to the right and left justify
  - Make either character and/or actor name bold to show some separation
  - Play around with what works for the bold
- Season one and two body text font color needs to be changed, a little hard to read, more contrast please :)
- For Season 1 and 2 overview section make the body text margins as wide as those above, put episode title above and left justify
-
